

“Your Future is Electric”

Electrical Apprenticeship Open House & Hands-on Experience

Overview: There are many opportunities in the Electrical field today. The combination of a growing construction market combined with Baby Boomer retirement on the horizon, provides a great life-long career opportunity for young people looking to begin in the trade.

Our electricians and apprentices work primarily in the Commercial, Industrial & Public markets building some of the greatest landmarks in the region. Our facility also includes a robust Residential and Sound/Communication & Data program. The world runs on Electricity and Information Technology and we deliver and connect it.

Explore the Electrical Apprenticeship - Friday, November 6th

8:30am-9:00am: Arrival & Check-In

9:00am-12:30pm: Hands-on Lab Experiences

12:30pm-1:00pm: Lunch & Apprenticeship 101: Everything you need to know.

Snacks & Lunch Provided - 50 Student Seats Available

Location: 2277 E. 11 Mile Road, Warren MI 48098

What is the “Your Future is Electric” Event?

Participants will spend time in small groups touring the Detroit Electrical Industry Training Center in Warren for Hands-On Experiences at various lab settings as well as receive detailed information on how Apprenticeship works and how to apply.

Explore Building Automation, Renewable Energy, Conduit Bending and much more and utilize an interactive app to learn about each hands-on experience.

What Is Apprenticeship?

- Apprenticeship education allows for on-the-job training & classroom education.
- Work & Wages begin week one for all Apprentices
- Job Placement is built in to our organization during and post-graduation
- Apprentices graduate DEBT FREE and will earn an average of \$225,000 in wages & benefits during the 5 year Inside Construction program.

Who Should Attend “Your Future is Electric”?

- Junior & Seniors - Recent High School Graduates
- Parents and affiliated Career Placement professionals
- Strong Algebra and Applied Math Skills – Technically Oriented – Enthusiastic Hard Workers
- All participants should have smart phone if they wish to utilize the app experience during the labs.
