***Teacher initials required for Accelerated, Honors, and AP Courses**

Courses are semesterized for credits earned, and computing grade point averages and class rank.

Many courses in the English, mathematics, music, science, social studies, vocational, world languages department, as well as WCSPA, CPC, AND MMSTC are considered full year courses. These courses require two semesters to earn a total of one (1) credit. Full year classes will show two course numbers and are designated on the scheduling sheet in bold.

ACCELERATED, HONORS, and Advanced Placement (AP) COURSES

Students selecting these courses must expect a rigorous academic experience, with a minimum of six hours of homework per class per week. Students agree to complete all summer assignments prior to the first day of class and understand that they will not be dropped from the course in the event that summer work is incomplete.

These are year-long courses that may not be dropped at the semester.
