Please carefully consider your course options before selecting courses for your freshman year. Remember you are choosing courses and not teachers. For a description of each course, please refer to the WCS Course Guide Book at [www.wcskids.net](http://www.wcskids.net). Scheduling cards **must** contain a parent's signature. Your counselor will schedule an appointment with you after reviewing your requests to discuss and finalize your selections. **Once your requests have been finalized, scheduling corrections will only be completed based on the criteria below:**

1. You need a class to graduate
2. You do not have a full schedule
3. You have already taken a class you are scheduled in

If you fail to turn in a scheduling card, your counselor will create a schedule for you and schedule changes will not be permitted.

\*Teacher initials required for Accelerated, Honors, and AP Courses

Courses are semesterized for credits earned, and computing grade point averages and class rank.

Many courses in the English, mathematics, music, science, social studies, vocational, world languages department, as well as WCSPA, CPC, and MMSTC are considered full year courses. These courses require two semesters to earn a total of one (1) credit. Full year classes will show two course numbers and are designated on the scheduling sheet in bold.

I have read and agree to the scheduling terms and courses listed above.
